

A new Feature to protect you from Cyber Fraud

Due to increasing instances of Cyber Frauds, we are in the process of implementing an Enhanced Preventive Feature for Alternate Delivery Channel transactions relating to Debit Card, Credit card, Net Banking and Mobile Banking.

To begin with, Credit card transaction have been implemented in preventive mode.

If any suspicious transactions relating to Credit Card is declined , a message with the **toll-free number – 1800111626** will be delivered to the customer on their registered mobile number. Customers may call at the given toll-free number for suppressing or allowing the transaction in the system.
