

User Guide for Corporate Internet Banking Users

In line with our **mission** 'To offer quality financial services by leveraging technology', we introduce the upgraded version of Internet Banking for our esteemed Corporate Customers. Experience a simple and secure way of banking with our Internet Banking Service as **Punjab National Bank** is the name you can bank upon.

S. No.	Topic
1.	How to get User ID and Password
2.	How to use internet Banking
3.	Creating users and setting password(s) for Login & Transaction by Admin User
4.	Update/Delete User
5.	Setting Daily Limits of Users
6.	Creating maker-checker rules for various transactions
7.	Assigning maker-checker roles to users
8.	Transactions-Own Accounts, Within PNB, NEFT, RTGS, IMPS, Recurring & scheduled transactions
9.	Modify Overall/Transaction Limit of Users
10.	Bulk Upload facility
11.	Trade Finance
12.	Using Digital Certificates as additional factor of authentication
13.	Logging in Using Digital Certificate
14.	Digital Certificate-Deregistration
15.	Set Second factor of authentication
16.	Update Admin User Details
17.	General Services
18.	Security Features
19.	Safeguards
20.	Contact Us
21.	Flowcharts for quick reference

1. How to get User ID/Password:

Submit request for registration at Branch → Get **Corporate ID, Administrator User ID & Password**.

- **Corporate ID** - identifies the Corporate & is common for all Users.
- **Administrator** - performs all the admin activities such as creation of Users for performing transactions.

2. How to use Internet Banking:

Logging in Internet Banking: -

Open www.pnbibanking.in → Click on 'Corporate Internet Banking'

- **Corporate Admin** – Login using Corporate ID, Admin User ID & password.
- **Other Users** – Login using Corporate ID and then their respective User ID & password

During first login:

- Enter OTP received on the *registered mobile number* of the Admin User → Set 7 *challenge questions/answers, phrase* & select an *image*
- User will be forced to change the password(s).

Note: - Admin User is empowered to create different Users with **View&/or Transaction rights** but Admin himself is **not authorized to do transactions**. Admin User performs **only non-financial work**.

Administrator Activities:

3. Creating users for Login & Transaction by Admin User:

Click on 'Corp Admin' → 'User Maintenance' → 'Create New User' button

The screenshot shows the 'Corp Admin' menu highlighted in the top navigation bar. A dropdown menu is open, showing 'User Maintenance' as the selected option. To the right, the 'User Maintenance List' page is visible, featuring a 'Create New User' button. Below the navigation, the 'User Maintenance List' page shows search criteria for 'Corporate Details' with fields for 'Corporate Id*' (containing 'TEST') and 'Corporate User Id*'. There are 'Search' and 'Clear' buttons at the bottom right of the search area.

1. Enter the **First Name, Last Name** of the user
2. Select User Profile from dropdown
 - For View & Transaction (**CUSER**)
 - For View only (**CVIEW**)
3. Select **Customer ID Access Indicator** or **Division Access Indicator**

Customer ID: All Customer IDs Corp Admin: Corporate Administration > User Maintenance > Create Corporate User ID

Fax Number:

Email Id:

- Enter the Mobile number (User will receive **One Time Password (OTP)** on this number) and the Email ID of the user
- Click on '**Continue**' → Enter **OTP** received on registered mobile number of Admin User → press '**Submit**' button → **User ID will be created.**

Note: -

Customer ID Access Indicator (Applicable for corporate having multiple *Customer IDs*)

Full Access (Global)	Grant access to all accounts under all customer IDs
Limited Access (Local)	Grant access to all accounts under selected Customer IDs

For eg -: Company ABC has 3 customer IDs – r11111, r22222, r33333. If admin user chooses Full Access for the user A, then user A can use all the accounts under all 3 customer IDs(r11111, r22222, r33333) for view and transactions. But if user A is given limited access to customer ID r11111 then the user can only use the accounts available under customer ID r11111 for view and transaction.

Division Access Indicator (Applicable for corporate having multiple *Divisions*)

Full Access (Global)	Grant access to all accounts under all divisions
Limited Access (Local)	Grant access to all accounts under selected divisions

For eg -: Company ABC has 3 divisions – HRD, Finance & Marketing. If admin user chooses Full Access for user A then, user A can use all the accounts of HRD, Finance & Marketing. But if user A is given limited access to only HRD division. Then user A can use all the accounts linked only to HRD division.

Please Note : You can set or modify limits for various transaction types.

Set total no. of Beneficiaries:

For setting overall number of beneficiaries that can be added for corporate level.

- Click on 'Corp Admin' → Set no. of Beneficiaries → Enter the value → click on Update
- There is no limit on total number of beneficiaries that can be added but a limit can be set on number of beneficiaries that can be added in a day.

Set Number Of Beneficiaries

Number Of Beneficiaries*

6. Creating maker-checker rules for various transactions:

Transactions can be performed in following ways:-

- Single user**
- Maker and Checker** (one User will initiate the transaction and other will approve)

Multiple checks can be placed for transactions as per the requirement. For eg – for amount upto 50,000 in neft transactions, you want a single user to complete the transaction. But for amount greater than 50,000 in neft transactions you choose that 2 users are required to complete a transaction.

Process flow: Login with Corporate ID and Admin User → Click on 'Corp Admin' → 'Transactional support' → Select 'Financial Work Flow Maintenance' & click OK → Click on 'Add Workflow' →

IDs: Corp Admin: Corporate Administration > Transactional Support > Transactional Support

Transactional Support

Transactional Support Task:

☐	20019	Yes	2 Asst General Manager
☐	20020	Yes	2 Executive Vice President
☐	242466	Yes	1 Manager
☐	258826	Yes	2 General
☐	258828	Yes	1 Officer
☐	508807	Yes	2 Officer

Page 1 of 2 > Go to Page:

S.No.	Financial Workflow	Applicable Rule
1	Single user can perform transaction	1 Final Approver
2	Two users will be needed to perform the transaction. One person will initiate it and other will approve it.	1 Approver + 1 Final Approver
3	Three users will be needed to complete a transaction.	1 Initiator + 1 Approver + 1 Final Approver

For eg - You want that for NEFT payment upto Rs.50,000/- you require only 1 user to complete the transaction. So you may choose the applicable rule '1 Final Approver' for this particular transaction type. Now for all NEFT transactions upto Rs.50,000/-, the users available under 'Final Approver' role can perform transactions individually.

Note: - By default, certain roles will be available. For creation of new roles, the user may visit branch. Different Workflows may be created for different type of transactions and for different ranges of amount. **By default, all the users will be authorized for performing transactions as per S. No. 1 above if no workflow has been created.**

Also workflow can be edited and deleted as well by clicking the respective buttons under financial workflow maintenance.

OK

Role Details

Select	Role Name
☐	
☐	
☐	

Link Users to Role

Select the User IDs for assigning the role → **'Continue'** → Enter **OTP (received on registered mobile number of Admin User)** & click on **'Submit'**

Edit Roles

Transactional Support Task :

Role Maintenance

Bank ID: 024
Corporate ID: TEST
Role Name:

Users Linked to the Role

Displaying 1 - 1 of 1 results

User ID	First Name	Last Name
☐	Sachin	Arora

Users Not Linked to the Role

Displaying 1 - 5 of 5 results

User ID	First Name	Last Name
☐	ABHIJIT	RANJAN
☐	Leema	Roselin
☐	Mayank	Mehra
☐	Anirban	Mazumdar
☐	Shikha	Yadav

- Above steps to be repeated for each type of roles.
- **For eg** – You have 3 users Amit, Suresh, Manish. Now you link Manish to 'Final Approver' role and Amit & Suresh to 'Approver' role. Now all transactions for which you have chosen that only 1 user can complete the transaction can be done by Manish individually. For eg if you have chosen that NEFT payment upto Rs.50,000/- will be under '1 Final Approver' rule then all NEFT payments upto Rs.50,000/- can be done by Manish alone as he has been assigned 'Final Approver' role.

Bulk FileUploads: Bulk FileUploads > Upload a File > Select a Product Type

 File upload request is sent for approval. Your reference number is **1578114**

Select a Product Type

Product Type:

[OK](#)

STEP 2 (Verifying the file with Approver):

Login with user selected for authorization → Click on '**Bulk FileUploads**' → Click on '**Approve/Reject**' Uploaded Files → Click on '**Approve**' for approval or '**Reject**' to reject the file respectively→

The screenshot shows the 'Bulk FileUploads' menu on the left with an arrow pointing to the 'Approve/Reject Uploaded Files' option. The main screen is titled 'Approve Or Reject Uploaded Files' and contains a search criteria section with fields for File Sequence Number, File Type, and File Upload Date. Below this is an 'Uploaded File List' table with columns: Select, File Sequence Number, Product Type, File Name, Uploaded By, and Date of Upload. A row is visible for File Sequence Number 1578114, Product Type Salary Upload, File Name TEST, and Date of Upload 17-11-2022. Below the table are buttons for 'View History', 'Approve', and 'Reject'.

Enter remarks & Click on '**Continue**' → Enter transaction password & OTP → Click '**Submit**'

The screenshot shows two screens. The first screen is 'Approve Uploaded Files' with a form for 'Approval Details' containing fields for File Sequence Number, Product Type, File Type, File Name, Amount, Uploaded By, Date of Upload, Upload Remarks, File Status, and Remarks. A 'Continue' button is at the bottom right. The second screen is 'Preview Confirmation Details' with a warning message about OTP. It shows 'File Details' for File Sequence Number 1578114, Product Type Salary Upload, File Name TEST, and Date of Upload 17-11-2022. Below this is a 'Confirmation Details' section with fields for Transaction Password and One Time Password, and a 'Submit' button at the bottom right.

B. Bulk Beneficiary addition:

- Before making Bulk payments to other Banks (through NEFT/RTGS), **beneficiary addition is mandatory.**

i. Click on 'Bulk FileUploads' → 'Upload a File' → Select **Create Bulk NEFT/RTGS/Within Bank Payee** →

ii. Enter file name, file processing date & Choose **File** to be uploaded (in the txt or csv format) → Click on 'Continue' → Enter Transaction Password & **OTP** → Click 'Submit'

- Customer may use Text file format (.txt) or Excel file format (.csv) for Beneficiary addition. The file format and sample files are given below

Text Format:

Beneficiary Name, Beneficiary Nick Name, Access Type(G/L), Account Number, Network(NEFT/RTGS), IFSC Code, Address, Maximum Amount to be transferred, Number of transactions in a day. (separated by comas, without space)

- Here **G** stands for Global and **L** stands for Local
- Network: NFT for NEFT, RTG for RTGS and PMT for Within PNB.**

For Example:

TXT format for bulk beneficiary addition

Ramesh Kumar,Ramesh,G,01325400789,NFT,ICIC001411,New Delhi,15000,5

15. Set Second Factor of Authentication:

PNB's Corporate Internet Banking provides the provision for choosing second factor of Authentication i.e. either OTP or Digital Certificate for verifying transactions. By default OTP will be the the second factor of authentication. Once user enables 'Digital Certificate' then he/she can choose between 'OTP' or 'Digital Certificate' as second factor of authentication.

- Login with **Corporate ID, User ID & Password** → Click on 'Personal Settings' → **'Set Second Factor Authentication'** → Enable/Disable, OTP or DSC (Digital Certificate) for various transaction types → Click on **'Submit'** for confirming the same

16. Update Admin User details:

- Click on **Corp Admin** → Click on **'Update Contact Details'** → Enter **Mobile Number** and **Email ID**
(If SMS Alerts are not being received on Mobile Number that is to be updated. Click on **'General Services'** → **'Service requests'** → **'New Request'** → **'Update Contact Details'**).
- Click on **'Continue'** → **'Confirm'**

18. Security Features:

- Set Login Time restrictions.
- Manage Beneficiaries-You Can Add/Modify/Delete the beneficiaries receiving funds from your accounts.
- Various Level of Limits E.g. Overall Account Level, User Level, No. of beneficiaries, Type of Transactions etc.
- Additional Factor of Authentication in the form of One Time Password or Digital Certificate.
- In order to further strengthen our Internet Banking system and make the system more secure from various cyber-attacks, **“PNB IBS Shield”** has been introduced for all corporate users. Under IBS Shield, a User has to set his image, Phrase & register for seven Challenge questions.
- **“VeriSign Secure site”** certification from Safe Script Ltd. All information sent to this site is encrypted and protected from third parties.
- Passwords are cryptic and difficult to crack (Combination of Alpha-numeric & special character)

19. Safeguards:

- Do not reveal password(s) over phone, mail etc. to any person including Bank.
- The passwords can be changed as frequently as you wish.
- An alert on your Home page shows the expiry periods for your passwords, the moment you log in. Please change the password(s) before the passwords are expired or when the system prompts you to do so.
- Do not click on website links/attachments in un-known /suspicious emails. These links may take you to replica of bank’s website and ask for keying in your user id & password(s). Bank will never send any e-mail requesting to provide User Id/Password and other sensitive information.
- In case of doubt, reconfirm the PNB’s website by double clicking the **“padlock”**  symbol/icon at the bottom right of the web page to ensure the site is running in secure mode before you input any confidential/sensitive information.
 - Clicking on the “padlock” symbol/icon and server certification will display details of the server certification in favour of Punjab National Bank.

- To ensure a safe and genuine login, always enter bank's website through www.pnbindia.com
- In case you receive any call, please confirm that the call is from authorized person of the bank.
