PLOT NO.4, SECTOR-10, DWARKA, NEW DELHI-110075

In case of floating rate loans linked to External benchmark, whenever there is upward revision in benchmark rate, the borrower has one of the following options to exercise for repayment of loan:

- a) To pay increased amount of EMI;
- b) To continue to pay the existing amount of EMI with condition that the balance outstanding in the account would be paid in one go with last EMI of the originally applicable repayment tenor;
- c) To prolong the repayment period.

In case no option is given by the borrower, the option (c) i.e., to prolong the repayment period will be implemented.

Customers may please contact concerned branch for exercising any of the above options.
